This letter is about the Walmart banking application and hearing. I am opposed to Walmart entering the banking business. Also, I am very opposed to them having a bank that is not regulated and backed the way other banks are regulated and backed. Please attend this very important meeting to hear all the details. Being a small business owner, I am concerned about banking relationships not just having accounts. And having local bankers is the best way to do that. We want our banking money to stay in our local community - not get invested somewhere else.

Thank you for your attention to this matter.

Karin L. Crawford
